4. Discussion of Upcoming Playground Refurbishment Proposal (2 minutes)

Running a school, even a relatively small one like ASP, is an enormous commitment and responsibility for the Church which Fr. Ed, the Clergy and the Vestry take very seriously. We pay close attention on a constant basis to all the Preschool's needs and functions. To that end we must review and plan for a refurbishment of the aging 10-year old playground to insure that it will be an up-to-date, attractive and safe place for young children. When young parents look for a Preschool, their number one consideration is safety as noted in the article Fr. Ed circulated some months ago. Our playground is due for an update currently.
