Financial Milestones

Financial Items

- Parochial Report for 2021 approved by the Vestry on May 11, 2022. Report submitted on May 13, 2022. Submitting after May 01, 2022 allows the Parish to amend its submission (for example, if refined financials argue for amendments) in future.
- Draft financial summaries for CY 2021 and CY 2022 through April of 2022 have been received from Accounting and are being reviewed by the Vestry.
- The above will enable drafting of the financial section of the Annual Parish Report for 2021.

Accounting Report

- Update from Matt Frank, Office Managing Partner – DC Metro Region, Prager-Metis.
